

Better Men

I know that there's better men than me
I know that I'm not all that I could be
I know that there's wiser, smarter men
I know I can never be like them

Which makes it all such a mystery
Why you fell in love with me

I know that there's men who secretly
Wish that they could take the place of me
And if they could wish a dream come true
Then they would be lying here with you

Which makes it all some wizardry
Why you fell in love with me

Riding on a rainbow of desire
Knowing that our love will always be
Greater than the sum of who we are
And all we'll ever be

I know that there's nothing I can say
No words that can ever explain away
How you looked into my eyes and knew
That I was going to be the one for you

Which makes it all so heavenly
Why you fell in love with me
